

Hello membership, the membership team has designed new Department EZ-Up membership kits for all to purchase at a discounted rate through the department.

These kits come with a 10x10 foot high-grade commercial frame and heavy long-lasting canvas with California legion emblem and the Legion Family emblems on them they also have Velcro for attaching walls. The kit also come with two 12-foot tall **Be the One** flags with stands and water bags as weights. The kits also come with a table cover for a 6-foot table with the legion family logo in front and the department of California logo on top. All items are of high-grade materials that will last years of use. All comes with three canvas bags for transport and storage.

These kits are being purchased through the California Legion store and if you were to order one yourself, they would cost approx. \$850 delivered. However, if we purchase 5 or more at the same time then we can bring the price down to \$660each. Attached is pictures of the kit set up this last weekend. If any Post would like to purchase one for your Post our District contact the membership Director for more information.

Also, by purchasing through the department store we help the **ways and means** in their efforts to help with the department budget. So if your Post ever needs legion items check out the Department store and purchase from them instead of National to help the department.
